Vacations

By AL

I like to vacation in Disney world, Universal, and Hershey Park, Peec. We go to the beach, go camping at the beach, go on rides, go to chocolate world, go on all the amusement park rides, and go to shows, concerts, movie theaters and campfires. We had special meals. BBQ, ice cream from the ice cream truck, and gospel brunch at Disney Springs on Sunday. And we also did luncheon in Germany. The biggest theme park is Walt disney world resort in Florida. It has a total of 173 rides in disney world. The other biggest theme park in the US is Universal Orlando resort. I would like to go to Disneyland in anaheim california. They have more rides than they do at magic kingdom

History of Halloween

By AL, CM, JN, JW, MB

It's a complicated history. Halloween began in the United Kingdom and northern France. It started in ancient history a long time ago. Halloween started the day before the Christian Festival All Hallows Day. Trick or Treating started in the 1800s and it turned out to be a win.

What we think about Halloween:

JW: Normally my staff scare me on halloween!

AL: They're doing Trunk or Treat at my day program. It's when they have treats in the cars.

JW: What's next Hide and Treat?

CM and AL: One thing about Halloween is it can be spooky. Some people don't celebrate Halloween.

JW: It's the best scary of Halloween of the year.

MB: I like giving candy out to kids.

CM: People have Halloween parties. I know we're having one soon.

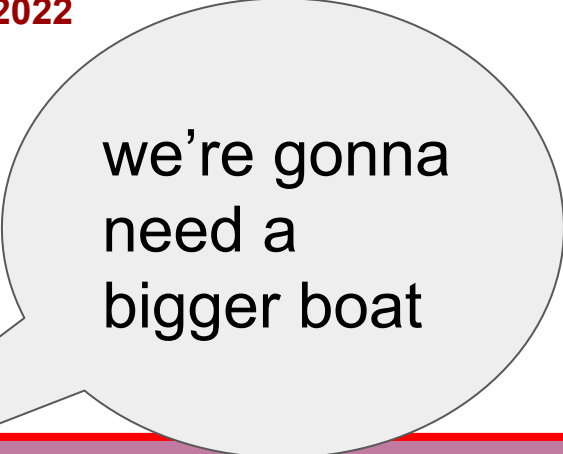

JW: I like carving pumpkins the day before Halloween and dressing up in a scary costume.

There was different areas they shot it at. It's about a man eating shark that eats people. Larry vaughn only wanted to do the first two jaws films and he went back to new york.

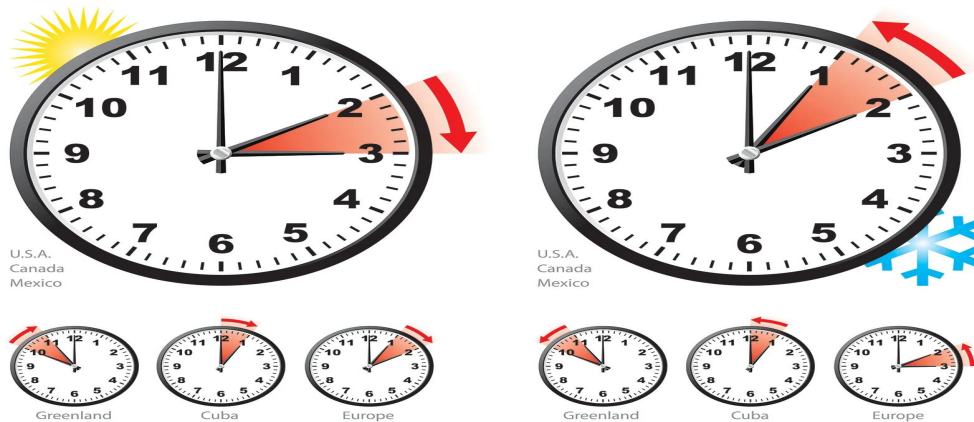

Topic: Jaws I

On May 2 1974 Jaws I began filming. There was a man eating shark that terrorized martha's vinyard.

The three guys who starred in the movie are Richard Dreyfuss, Roy Scheider, and Robert Shaw. They were going after a great white shark that was actually "eating people." The shark did not get to be seen until the end of the movie. They didn't finish the film until October 6 1974 after 159 days. The budget was 9 million but the box office was \$476.5 million oh my goodness!

Daylight Savings By MB and CM

On November 6 the time goes back. It means we can sleep later and wake up earlier. Benjamin Franklin started time change in 1784. Time change was first used in Canada in 1908. Time was changed so people can use more daylight. The Time change date is different in other countries. They are trying to put a bill through to stop daylight saving change.

Topic: New Movies By: JN

So far we have 7 Jurassic Parks. There's a 3-D Jurassic Park. There's 3 Jurassic Parks and 3 Jurassic Worlds. The 4th one they were gonna do it but it got cancelled.

They're thinking about making another movie about the Pirates of the Caribbean. It's gonna be 6. Johnny Depp said they want him back. Maybe he might, give him some time. Captain Jack Sparrow wouldn't be the same with out johnny depp.

They say there is going to be two Ghostbusters sequels there but they don't know who the cast is yet. We need the old guys back again. It wouldn't be the same without Bill Murray, Rick Moranis, Annie Potts, Sigourney Weaver, Dan Aykroyd, Ernie Hudson, and Adam Driver as Egon because Harold Remis passed away.

Topic: Monkeys at the lehigh valley zoo

By: JN & AL

The Philadelphia zoo, Smithsonian national zoo, the San Diego zoo, Bronx zoo, Connecticut Beardsley zoo, and Pittsburgh zoo have monkeys. There is a lot of zoos that have monkeys. A monkey's cage has to be big in order for them to play around. They play with toys. If it's too small they'll be aggressive monkeys. We don't want aggressive monkeys. We should spend as many hours of play time with him and have a large cage so he has plenty of room to play around and not be aggressive. The Lehigh Valley zoo will get monkeys eventually but it takes time. They will get also get gorillas, chimpanzees, orangutans, apes, donkeys, lions, tigers, and bears. They might even get some wildebeests. They should add an extra acre so they have enough space for all the animals. It is medium sized and small right now. Venee is the zookeeper.
