About me

I was born and raised in Rapid city. I am a Wife, Mother and a Nana. I have 2 grown children. Cole and his wife CJ; Three beautiful grandkids Oakley, Presley and Brody. Carson and his wife Carlee, and awesome grandson Matthieu. My husband Dave and I also do shared living.

Work experience

I worked for Black Hills Works for 28 years. In 1993 started as an Associate Instructor. I left for a short period of time and realized I missed the people supported. I knew then my purpose was to work with people with disabilities. In April of 1996, I returned working at full care group home and then continued onto to Day Services. There I helped with the Hospital contract, Letter Shop, Sensory and Lawn Crew. I then became a Lead DSP for the Art room at Plant street. COVID hit and with day services closing went back to housing. While there I went thru (NADSP) credentialing to further my knowledge. Then became Internal Support coordinator. I am excited to now work for RHD as case management since July 2024.

Interest

Family, crafting, gardening, traveling, camping, fishing Bella my fur baby and helping my brother with his race car.

What others appreciate about me.

I'm honest, kind hearted, hard working. I'm organized, person centered thinking, and always willing to help. Very dedication to the people support. Great at communicating, an amazing advocate, you are open to new/unique ideas.

How to best support me:

- Honest/open communication
- Give me time to process new information
- Give me feedback
- If I don't know the answer I will get it for you
